

## New for 2015/16 SUBMISSION OF SCORES ONLINE

This has been a process in the making for over 6 months. This is a customized system that has been built for our League. We have done everything in our power to make sure it is bug free. But with something as complicated as this customized service, there may be some bugs to be worked out. We are including a paper version of completing your scores. Please fill out the papers for the first 4 weeks to allow us to work out the bugs and we can reference the input of scores if something goes wrong.

**Only Home team are to input the scores.** Scores must be submitted before 11:59PM of the same day. If the scores are not input, the system will be locked out and the scores must be submitted by email only. All late scores are subjected to fines. If there is any issue with scores, you can go to the DISPUTE button on the website and fill out that form.
